Inter tidal battery service

To be combined with PSC

Example: Inter tidal monitoring

PSC-IT

The PSC provides space for 48 D-Cell alkaline batteries to power up oceanographic instruments. It combines with the DAC (data acquisition container).

Titanium deep sea containers for PSC-DS (-DS = deep sea) on request.

Specifications

- Dimensions: 380mm x 225mm diam.
- Weight: 13 kg on air
- Material: POM, black
- Connectors: SubConn
- Output DC power: 24VDC nom., 1.5A max.
- Pressure: 10 bars
